DANFOSS RADIATOR THERMOSTATS

THE LIVING ECO, IS THE NEW SERIES OF DANFOSS TIMED PROGRAMMABLE RADIATOR THERMOSTATS, BRINGING THE TRADITIONAL RADIATOR THERMOSTATS INTO THE DIGITAL AGE & ENABLES EASY, MORE PRECISE CONTROL OF HEATING. THE DIGITAL BACKLIT DISPLAY ON THE TOP OF EVERY THERMOSTAT ALLOWS SETTING THE EXCACT DESIRED ROOM TEMPERATURE, MAKING IT EASIER TO ACHIEVE OPTIMAL COMFORT.

Order no.	014G005100	014G005500	014G006200	014G005400	014G006100
Description	Programmable sensor with adaptors	Angle 8/10/15mm Combi pack	Angle 8/10/15mm radiator pack with matching lockshield	Straight 8/10/15 mm Combi pack	Straight 8/10/15mm radiator pack with matching lockshield
Adaptor	RA & M30x1.5	RA			
Setting options	P0, P1, P2, Holiday				
Temperature setting range	6 – 28°C, with built-in frost protection				
Control	PID				
Power supply	2 x AA alkaline batteries				
Battery lifetime	2 years				
Low battery	Visual warning				
Noise level	<30 dBA				
Ambient temperature	0 – 40°C				
Transport temperature	-20 – 65°C				
Sensor measurement: length x diameter	with RA adaptor 91 x 52 mm with M30x1.5 adaptor 78 x 52 mm				
Conforms with	WEEE, RoHS, CE				

* DESIGNED FOR USE IN APARTMENTS, HOUSES AND COMMERCIAL BUILDINGS

* CAN REPLACE OLD THERMOSTATS SUCH AS DRAYTON, HONEYWELL, SIEMENS & PEGLER SUNVIC.

* AWARDED THE PRESTIGIOUS RED DOT AWARD WINNER 2010

* BUILT IN FEATURES INCLUDE ADAPTIVE LEARNING, HOLIDAY MODE, CHILD LOCK AND MIN / MAX LIMITATION

UPGRADING OLD RADIATOR THERMOSTATS WITH THE NEW INTELLIGENT THERMOSTATS FROM DANFOSS CAN LEAD TO SIGNIFICANT SAVINGS. A NORMAL UK HOUSEHOLD ALREADY EQUIPPED WITH STANDARD TRV's COULD REDUCE THEIR HEATING BILL BY UP TO **15%** BY UPGRADING TO LIVING ECO.

ALL THIS FOR JUST £28.00 EA NET
