

H&C HEAT AND COMBUSTION

TEKSAN ARE HERE !!!

We are very proud to announce that with our ever developing product portfolio, we are now **THE OFFICIAL TEKSAN TECHNOLOGY METERING SOLUTIONS DISTRIBUTOR** for the U.K. & Ireland.

With the pending M.I.D approval for mechanical meters coming into force in 2016, we have taken the opportunity to be ahead of the game in obtaining these meters to meet this approval.

TEKSAN have been manufacturing meters since the early 1950's & have achieved ISO9001.2008 Quality Management Systems. Made in Europe to the highest standard & shipped direct to us at [Heat & Combustion Supplies Ltd.](#)

Please note: All meters come complete with pulse output.

M.I.D. approved meters

I.P. 68 as standard

3 year warranty

As you can see, we are more than confident that you will not find another meter on the market with the same approvals and quality for less. Please feel free to see the [WEBSITE](#) for the data sheet and other information. You can catch up with all the latest developments from Heat & Combustion Supplies on [FACEBOOK](#) or when you visit our [WEBSITE](#). You can also keep up-to-date with your "live prices" via the [LIVE PRICE CUSTOMER PORTAL](#).
